A little girl lisped, "The Blethed Twinty meanth there are thwee perthonth in one God." The priest, taken aback by the lisp, said, "Would you say that again? I don't understand what you said." The little girl answered, "Y'not thuppothed to underthand; 't'th a myhtewy."

Celebrating the Saints: St. Anthony of Padua

Many people have been introduced to **St. Anthony as the patron saint of lost things**: "Tony, Tony, turn around, something's lost and must be found." The incident that gave rise to rooted in his concern for the loss of a vocation. In 1224, St. Francis of Assisi had assigned the friars' studies to St. Anthony. He had a book of notes that he had compiled to help him teach. One novice decided to leave the order and when he left, he stole this book. When St. Anthony found out, he, of course, wanted his book back, but what he really prayed for was for the young man to recover his vocation. In the end, the novice returned and brought the book with him. During his life, he was renowned as a preacher and was assigned to preach to heretics. It is said that at one point when the heretics refused to listen to him, he preached to fish and thousands of fish came to the surface of the water to hear him, and this was a wake up call to those who had refused to listen. In our lives, St. Anthony is an example of someone who has found God and turned his life over to him. **His feast is June 13. Take a minute to ask him to help you find one thing you can do to deepen your relationship with our Lord and then the strength to do it.**
