**Pray to End Abortion**

The U.S. Supreme Court announced Monday that on December 1 it will hear arguments in a case that could result in the overturning of Roe v. Wade, the 1973 decision that legalized abortion.

The case, *Dobbs v. Jackson Women’s Health Organization*, involves a challenge to a Mississippi law that restricts abortion after 15 weeks of pregnancy.

The law, which was enacted in 2018, was blocked by the Federal District Court, and then upheld by the U.S. Court of Appeals for the 5th Circuit.

The High Court will look at whether all restrictions on abortions performed pre-viability are unconstitutional. Roe v. Wade, allowed abortion before the viability of the fetus, at 24 weeks of pregnancy.

Pro-life advocates have made the case that since 1973, advances in scientific research have changed our understanding of the development of the unborn child.

“Science reveals the undeniable humanity of the unborn child. By 15 weeks, an unborn baby’s heart has beat nearly 16 million times. She already shows a preference for her right or left hand, responds to taste, and can feel pain. They and their mothers deserve protection in the law,” said SBA List President Marjorie Dannenfelser.
